

BEFORE

GREAT RIVER GREENING GREENING SOLUTIONS TURF CONVERSION

AFTER

Convert your high-maintenance turf into native prairie

- Reduce costs with a lower maintenance solution
- Make a positive impact on the climate

Custom Solutions

- Work with our ecologists to create a custom solution for your land--from simple, low-maintenance pollinator lawns to fully restored, beautiful native prairies, and anything in between.

your custom native
prairie solution!

"Great River Greening's partnership with the City of Saint Paul has transformed land, protected irreplaceable native habitat, and fostered community involvement within Saint Paul."

--Michael Hahm, Director
Saint Paul Parks and Recreation
